CERTIFICATE CONFORMITY MARK

BENOR

delivered by PROBETON on the basis of the specifications of the Product Certification Regulations BENOR in the concrete industry to the company

KERKSTOEL 2000+ NV
Industrieweg 11 - BE - 2280 GROBBENDONK

for the production of

PRECAST WALL ELEMENTS

belonging to the following product family:

Reinforced concrete composite wall elements

in conformity with the following standards

NBN B 21-612 & NBN EN 14992

in the factory of

GROBBENDONK

covered by licence number

612/245 of 2013.04.26

Certification deals exclusively with serviceability characteristics.

This certificate was delivered on

2016.04.26 (Renewal)

This certificate has a period of validity of maximum 3 years, i.e. until

2019.04.26¹

By delivering the licence, PROBETON certifies that the conformity of the certified product is regularly checked through a periodical external inspection of the licensee's factory production control which is carried out by an authorized inspection body.

PROBETON recognizes that there is sufficient confidence that the licensee is able to guarantee conformity of his product by means of his own production control.

For **PROBETON**,

ir. A. Broes
Chairman

For **PROBETON**,

ir. J. Horckmans
Director

Comments are provided overleaf.

This certificate may only be reproduced entirely (other side included) without any changes or additions.
